This January 24, 2002, update is from EPA's Chemical
Emergency Preparedness and Prevention Office.
Direct links to each document are provided.
Volume 2, Number 1 includes:

1. Tier2 Submit Software Program Update
****
1. This version of Tier2 Submit and the User Manual is being
posted on January 24, 2002. It replaces an earlier version that
was available for a short time earlier in January.

PLEASE READ THE FOLLOWING BEFORE DOWNLOADING
THIS PROGRAM.

When you install this new version of Tier2 Submit, it will replace
the earlier version and will also erase any data you may have entered
in the earlier version. If you wish to save data already entered, please
contact the RMP Reporting Center at: (703) 816-4434 or via e-mail at:
userrmp.usersupport@epcra.org before you download the new version.
The Reporting Center will guide you through a few steps that will enable
you to save your previous data into this new version of Tier2 Submit.

We anticipate that a small number of Tier2 Submit users who have
older operating systems may get an error message on startup. If you get
this message, please contact the RMP Reporting Center at: (703) 816-4434
or via e-mail at: userrmp.usersupport@epcra.org for guidance so that you
can successfully install this new software.

Note that not all States are accepting Tier2 Submit. Information
on your State's requirements and instructions on downloading the
Tier2 Submit software are available on our website.
